	Central Council for Research in Unani Medicine, New Delhi	To undertake multifaceted research activities in Unani medicine. The research areas include clinical research, drug research, literary research and survey and cultivation of medicinal plants. Besides undertaking IEC activities and research oriented extension health services.	157.90 Cr.	1. Clinical Research (Pre-clinical) I. Commencement of new pre-clinical projects : 05 II. Completion of ongoing pre-clinical projects : 05 III. Commencement of new collaborative / IMR clinical projects : 05 IV. Continuation of ongoing collaborative projects: 05 V. Completion of ongoing in housed IMR projects : 05 VI. Completion of ongoing RCTs : 04 VII. Commencement of new projects on Pharmacopoeial validation studies: 18 drugs VIII. Completion of ongoing pharmacopoeial projects : 05 drugs IX. Completion of ongoing projects on fundamental research : 06 X. Continuation of ongoing projects on Ilaj-bit-Tadbeer (Regimenal therapies) : 03	Validating safety and efficacy of Unani interventions	1 Year (2018-19) --do-- --do-- --do-- --do-- --do-- --do-- --do-- --do-- --do--	Subject to the approval by the animal ethics committee (AEC) -- Subject to the technical approval of SAC and financial approval by SFC -- -- Subject to the approval of IEC/SAC -- -- -- --
				2. Drug Research I. Development of SOPs for compound formulation – 40 Drugs. II. Development of Pharmacopoeial standards of Single Drugs – 10 Drugs. III. Redesigning of dosage form of Unani formulation – 02 Drugs. IV. Project on Shelf life studies on Unani Drugs – 02 Drugs V. Revisiting the Unani Pharmacopoeia of India Part – I : 01 Vol.	To developed Quality standards of Unani Formulations	1 Year (2018-19) --do-- --do-- --do-- --do--	NIL
				3. Survey and Cultivation of Medicinal Plants I. Project on Ethnobotanical surveys of different forest areas – 05 Survey Tours. II. Experimental and filed scale cultivation of Unani Medicinal plants – 05 Species. III. Digitization of Herbarium sheets – 50	Developing data base on information of availability of Unani Medicinal plants and developing agro techniques for cultivation of Unani drugs	1 Year (2018-19) --do-- --do--	Subject to the permission for survey by the forest authority
				4. Literary Research I. Translation of Unani Classical book in Urdu and other languages – 01. II. Reprinting of out of print classical books – 02. III. Compilation of IEC material – 10.	To produce literature on Unani medicine for practitioners, scholars, student and the masses	1 Year (2018-19) --do-- --do--	NIL
				5. Research Oriented Extension Health services including GOPD/Mobile OPD/School Health/Co-located Unani Specialty Clinic/Swasth Rakhshanand Parikshan programmes Minimum annual target of patients: 4,50,000.	To generate research feedback and providing Unani treatments to the patients	1 Year (2018-19)	NIL
				6. IEC Activities / Publication I. Organization of an International Seminar on Unani Medicine and Celebration of National Unani Day II. Holding of National seminars / workshops / Brain Storming: 04. III. Capacity building / Skill development programme No. of scientist / employees: 20. IV. Publication of Technical reports / Monographs / Journals / IEC material: 10. V. Publication of Research Papers in the Scientific Journals: 20.	Dissemination of research findings / propagation of Unani system	1 Year (2018-19) --do-- --do-- --do-- --do--	NIL
